

United States District Court
 for the
Western District of New York

In the Matter of the Search of
(Briefly describe the property to be searched or identify the person by name and address.)

A parcel addressed to “**Keila Maldonado 61 Pulaski st Bufalo N.Y 14206**” which further bears a return address of “**Jose L Torres Rivera Urb. Borinquen #8 Call trochez Apt 2A, Caguas P.R 00725**” The Priority Mail parcel bears USPS tracking number **950551159589260478792**, and is a box wrapped in brown color paper measuring approximately **18” X 16” X 16”**, **weighing approximately 24 lbs** and was mailed from **Caguas, PR** (hereinafter the “Subject Parcel”).

Case No. 19-M-1122

*MV
J.M*

APPLICATION FOR A SEARCH WARRANT

I, a federal law enforcement officer or an attorney for the government, request a search warrant and state under penalty of perjury that I have reason to believe that on the following person or property *(identify the person or describe the property to be searched and give its location)*:

A parcel addressed to “**Keila Maldonado 61 Pulaski st Bufalo N.Y 14206**” which further bears a return address of “**Jose L Torres Rivera Urb. Borinquen #8 Call trochez Apt 2A, Caguas P.R 00725**.” The Priority Mail parcel bears USPS tracking number **950551159589260478792**, and is a box wrapped in brown color paper measuring approximately **18” X 16” X 16”**, **weighing approximately 24 lbs** and was mailed from **Caguas, PR** (hereinafter the “Subject Parcel”).

located in the Western District of New York, there is now concealed *(identify the person or describe the property to be seized)*: controlled substances.

The basis for search under Fed. R. Crim. P. 41(c) is *(check one or more)*:

- evidence of a crime;
- contraband, fruits of crime, or other items illegally possessed;
- property designed for use, intended for use, or used in committing a crime;
- a person to be arrested or a person who is unlawfully restrained.

The search is related to a violation of 21 U.S.C. §§ 841, 844, and 846 *[statutory violation(s)]*.

The application is based on these facts:

- continued on the attached sheet.
- Delayed notice of _____ days (give exact ending date if more than 30 days: _____) is requested under 18 U.S.C. § 3103a, the basis of which is set forth on the attached sheet.

 BRENDAN JAFFE
 U.S. Postal Inspector
 United States Postal Inspection Service

AFFIDAVIT IN SUPPORT OF
AN APPLICATION FOR A SEARCH WARRANT

STATE OF NEW YORK)
COUNTY OF ERIE) SS:
CITY OF BUFFALO)

Your Affiant, Brendan Jaffe, United States Postal Inspector, being duly sworn, hereby deposes and states:

1. I am a United States Postal Inspector assigned to the Boston Division (Buffalo, NY Field Office) of the United States Postal Inspection Service ("Inspection Service"), and have been so employed since May of 2019. I am assigned to the Miscellaneous Crimes Team which investigates violations of Federal law, including identity theft, mail theft, credit card fraud, wire fraud, mail fraud and drug trafficking. The investigation of drug trafficking in Buffalo, NY specifically targets narcotics and narcotics proceeds sent via the U.S. Mail.

2. Your Affiant's education and training includes the following: Upon entering the Inspection Service, I completed fourteen weeks of training in Potomac, MD. The training covered various aspects of federal law enforcement, including the investigation of narcotics related offenses. I have received instruction on conducting investigations of, and have in fact participated in investigations involving, possession with intent to distribute and distribution of controlled dangerous substances. Prior to entering the Inspection Service, I served as a United States Probation Officer for three years, after graduating from the Federal Probation and Pretrial Services Academy. I was employed in the Supervision Unit for the District of Rhode Island from February 2016 until October of 2017. From October of 2017 until May

of 2019 I was employed by the Western District of North Carolina. While assigned to the Supervision Unit in the Western District of North of Carolina, I served as a member of the Search Enforcement Team (SET). As a SET member, my duties consisted of conducting investigations, surveillance operations, making entry/clearing residences, evidence recovery, evidence processing, and conducting interviews and interrogations. I have received specialized training in surveillance techniques, and participated in interviewing and interrogation courses.

3. During my employment as a Federal Law Enforcement Agent, I have participated in investigations involving the mailing of controlled substances through the U.S. mails. In particular, I have worked on cases involving controlled substances and I have participated in interviewing witnesses and cooperating individuals regarding illegal trafficking of drugs and have read official reports of other officers. As a result of my experience, I am familiar with the common practices utilized by drug traffickers to smuggle drugs and money using various methods including but not limited to commercial mail/parcel carriers.

DESCRIPTION OF ITEM TO BE SEARCHED

4. I make this affidavit in support of an application for a warrant authorizing the search of the following U.S. Postal Service Priority Mail parcel:

A parcel addressed to “Keila Maldonado 61 Pulaski st Bufalo N.Y 14206” and bears a return address of “Jose L Torres Rivera Urb. Borinquen #8 Call trochez Apt 2A, Caguas P.R 00725”. The Priority Mail parcel bears USPS tracking number 950551159589260478792, and is wrapped in brown color paper, the USPS cardboard box measuring approximately 18” x 16” x 16”, and weighing approximately 24 lbs. (Hereinafter the “Subject Parcel”) The mailing was prepaid and had an expected delivery date of September 20, 2019.

5. Since this affidavit is being submitted for the limited purpose of securing a search warrant for the Subject Parcel, I have not included each and every fact known to me concerning this investigation. I have set forth only the facts that I believe are necessary to establish probable cause to believe that evidence of a violation of Title 21, United States Code, Sections 841, 844 and 846 will be located within the Subject Parcel.

**SUSPICIOUS CHARACTERISTICS OF MAIL PARCELS
OFTEN FOUND TO CONTAIN CONTRABAND OR NARCOTICS**

6. Based on my training and experience, I am aware that the Postal Service's Priority Mail Express service was custom-designed to fit the needs of businesses by providing overnight delivery for time-sensitive materials. Priority Mail Express parcels typically used by businesses to send documents often utilize typewritten labels, are sent in pre-printed cardboard mailers, and typically weigh, on average, up to 2 pounds. Corporate charge accounts were also developed by the Postal Service so that businesses would be able to enter their account number directly on the Priority Mail Express label, thus avoiding time-consuming cash payments for each business mailing. Priority Mail Express also comes with a "built-in" unique tracking number that can be used to track the status of each parcel. In contrast to Priority Mail Express, Priority Mail service developed primarily to allow businesses and the general public a means to expedite delivery of items within a specific timeframe, typically within 2-4 days, when overnight service is not required. Priority Mail also comes with a "USPS Tracking Number" that can be used to track the status of each parcel, in the same way Priority Mail Express parcels are tracked. Priority Mail also offers mailers the ability to send documents (or other items) in a pre-printed cardboard mailer, which typically weighs up to 2 pounds, similar to the option available using a Priority Mail

Express pre-printed cardboard mailer.

7. Based on my training and experience, I have learned that narcotics traffickers often utilize Priority Mail Express and Priority Mail for the transportation of controlled substances, or the proceeds from the sale of controlled substances, based upon the fact that Priority Mail Express and Priority Mail can quickly move the items to the delivery destination. Perhaps more importantly, the movement of packages via Priority Mail Express and Priority Mail can also be tracked via telephone and/or the internet based upon the unique tracking number assigned to each specific parcel. This is important to narcotics traffickers because any delay in the delivery of the mail can serve as an indication to the mailer that the items have possibly been intercepted by the U.S. Postal Inspection Service. Additionally, items sent via Priority Mail Express or Priority Mail are considered to be first-class mail, and therefore, cannot be opened without a Federal Search Warrant.

8. I am also aware, based upon my training and experience, that parcels containing contraband often display many similar qualities. For example, these packages may often display some or all of, but not limited to, the following characteristics:

- a. Unlike typical Priority Mail Express or Priority Mail business mailings containing documents, which usually have typed labels, parcels known to have contained controlled substances and/or their proceeds typically bear a handwritten label. Based on my training and experience, and upon the training and experience of fellow Postal Inspectors, I know that drug dealers routinely use handwritten mailing labels when they transport narcotics and/or their proceeds through the mails.
- b. The absence of a corporate account number listed on a label indicates the sender paid for postage using cash or its equivalent. A package containing

controlled substances typically does not contain a corporate account number, thereby indicating that the sender of the package paid cash or its equivalent, which is less traceable. Based on my training and experience, and upon the training and experience of fellow Postal Inspectors, senders of parcels containing controlled substances are known to pay for postage using cash in order to remain anonymous and to therefore avoid detection.

- c. The handwritten label will often contain one or more of the following: misspelled words, incomplete addresses, fictitious addresses, or is addressed to and/or from fictitious persons. Based upon your affiant's experience and discussions with other experienced Postal Inspectors, I am aware that individuals who ship and/or receive drugs via the mail often employ fictitious return addresses and/or names not associated with the addresses, in order to avoid detection. This allows them to distance themselves from the contraband should the parcel be intercepted by law enforcement.
- d. Packages containing controlled substances are normally heavier than the typical business mailing (described in paragraph 6 above) containing documents.
- e. Parcels containing controlled substances often have an originating Post Office that is located in a different area, town or city than the return address listed on the parcel. The distance between the two locations can vary. Traveling various distances is often used by mailers of illegal narcotics and their proceeds in order to avoid detection, recognition, and/or being caught on surveillance video.
- f. Parcels containing controlled substances are often heavily taped or glued on the seams of the parcel, and/or the outside of the package is wrapped with a type of paper covering. Heavy taping or gluing of seams, or wrapping the exterior of the package is consistent with parcels known to have contained illegal narcotics. Such efforts appear to be an attempt to contain any odors which might otherwise emanate from the package. In addition, suspicious parcels sometimes are packaged in decorative boxes to appear as gifts and/or bear markings that include "fragile" or "perishable." Mailers of illegal substances sometimes use such indicators, including purchasing services such as insurance, in order to make the parcels appear more legitimate, mundane and inconspicuous.
- g. Parcels containing controlled substances may be shipped from locations which, based upon previous successful interdictions, are known source locations for the distribution of illegal narcotics.

Parcels found to meet any or all of the characteristics described above are often scrutinized by Inspectors through address verifications and trained narcotic-detecting canine examination. Postal Inspectors have been authorized to seize packages, including Priority Mail Express and Priority Mail, which contain illegal narcotics that were shipped from areas around the country and Puerto Rico.

PROBABLE CAUSE TO SEARCH THE SUBJECT PARCEL

9. On or about September 18, 2019, during a review of outgoing mail in Puerto Rico, Postal Inspectors were alerted to the Subject Parcel. The Subject Parcel was mailed from Caguas, Puerto Rico to Buffalo, New York where Postal Inspectors received it. The parcel shared characteristics known to be associated with packages containing narcotics, as it has excessively taped seals, a hand written label, and was inbound to Buffalo from Puerto Rico, a known source location for the distribution of narcotics.

10. On or about September 20, 2019, and upon further inspection, a check of a law enforcement databases revealed that the sender and recipient information appears to be fictitious. Specifically, the listed sender (Jose L Torres Rivera) could not be associated with the provided return address, Urb. Borinquen #8 Call trochez Apt 2A, Caguas P.R 00725. The listed recipient (Keila Maldonado) could not be associated with the listed delivery address of 61 Pulaski st Bufalo N.Y 14206. USPS customer service has received no inquiries regarding the delivery of the parcel.

11. Based on these factors, I decided to submit the parcel to a trained narcotics-detecting canine for examination. On September 23, 2019, I met Niagara Frontier Transit Authority Officer Robert Gould and Canine Officer "SABRE" at the USPIS Buffalo Domicile located at 1200 Main Place Tower, where "SABRE" performed a drug sniff of the Subject Parcel within a secured office area. The handler let the canine search the area freely, off-leash. The canine searched the entire office area, and, according to Officer Gould, "SABRE" alerted only to the Subject Parcel. According to Officer Gould, the dog sniff of the Subject Parcel resulted in a positive alert, indicating that "SABRE" detected the odor of a controlled substance that he has been trained to detect. Officer Gould's affidavit is attached as 'Exhibit A' and is incorporated as part of this affidavit.

CONCLUSION

12. Based upon the foregoing, it is respectfully submitted that there is probable cause to believe that the above-referenced Subject Parcel contains fruits, evidence, and instrumentalities related to narcotics trafficking and distribution in violation of Title 21, United States Code, Sections 841, 844 and 846.

WHEREFORE, it is respectfully requested that a search warrant be issued to search the contents of the Subject Parcel.

BRENDAN JAFFEE
U.S. Postal Inspector

HON. JEREMIAH J. McCARTHY
United States Magistrate Judge

EXHIBIT A

AFFIDAVIT

State of **NEW YORK** } ss
 County of **ERIE** }

I, Robert Gould Employed by Niagara Frontier Transportation Authority Buffalo 14209
 Name Address City State Zip Code

By this affidavit, make the following statement of fact:

I, Robert P. Gould, am currently employed the Niagara Frontier Transit Authority Police Department and have been so since July 27th, 2015. In November 2016, I was assigned to the Niagara Transit Authority Police Department K9 Unit, and in December 2016 K9 "Sabre" and I became certified as a narcotics K9 Team through the Virginia Police Canine Association facility in Richmond, VA by Master Trainer Delbert Myrick of Spotsylvania County Sheriffs Office, VA after undergoing 300 hours of training. Additionally, K9 "Sabre" and I became certified on January 24th, 2017 after undergoing 80 hours of training by the New York State Division of Criminal Justice Services by examiner Police officer John Doskocz of Cheektowaga Police Department, NY and Trainer Bob Rinfrette of Cattaraugus County, NY. K9 "Sabre" is capable of detecting the odor of marijuana, cocaine, ecstasy, heroin, methamphetamines and their derivatives.

Previous to my employment with the Transit Police, I had served as a narcotics/patrol handler for the Spotsylvania County Sheriff's Office in VA since March 2009 and I served as a narcotics/patrol handler with "Sabre" since 2012. "Sabre" and I serve together annually over 175 work hours. Each month, K9 "Sabre" and I receive 24 hours (8 hours above the minimum required) of training for patrol and narcotics and we re-certify every three years. In our experience, we have successfully found narcotics located in many different locations, to include packages, motor vehicles, buildings, rooms, lockers, boxes, trains, airplanes, luggage, buses, and outdoors (buried in the ground).

To my knowledge, I have never known Sabre to falsely alert to the odor of narcotics. I have averaged approximately 4 parcel narcotics searches per month since Sabre has been in service, and only once has Sabre alerted to a parcel where contraband was not found.

| I, | Robert Gould | Employed by | Niagara Frontier Transportation Authority | Buffalo | 14209 |
| Name | | Address | City | State | Zip Code |

By this affidavit, make the following statement of fact:

On September 23, 2019, at approximately 0935 hours I was requested by Postal Inspector B. Jaffe of the U. S. Inspection Service to respond to the Buffalo NY Domicile at 1200 Main Place Tower Buffalo NY 14202 for a narcotics investigation on the following package. At approximately 1000 hours I directed K9 "Sabre" to sniff a secured office area of the Buffalo NY Domicile, to establish the room was free of any narcotics. At this time, Inspector Jaffe introduced USPS tracking number 9505511159589260478792 addressed to Keila Maldonado 61 Pulaski st Bufalo N.Y 14206 and any other parcels under investigation into the secured office area, with an array of similar parcels known not to contain controlled substances. The parcels are separated throughout the area in different locations, including the restrooms areas attached to the main area, some completely concealed and others are not. When K-9 "Sabre" sniffed the above numbered parcel, "Sabre" alerted to the odor of narcotics with a passive alert (down position) and showed no interest in any of the parcels known not to contain controlled substances. The suspect and non-suspect parcel array is consistent with K9 training and practice for evaluating parcels individually. I was not informed as to which package was the parcel in question.

False statements made herein are punishable as a class A misdemeanor pursuant to section 210.45 of the New York State Penal Law. Affirmed under penalty of perjury.
